**SUMMARY:**

The City previously in 2017 solicited architects, engineers, and surveyors to provide qualifications in order to be considered for future City projects. The City again put out an RFQ because of the interest by outside firms to be considered for work with the City. The proposed Resolution approves the attached list of qualified design professionals that submitted qualifications for consideration. An RFQ was posted on our website, on the SCBO website and email notifications were sent to over 60 local design firms. Please see supporting documents attached. This updated list of qualified design professionals will offer the city a quicker procurement of designer and engineering services.

**RECOMMENDED ACTION:** Approve the adoption of Resolution 2022-9-22I to accept the new list of qualified design and engineering professionals.
